

ENVIRONMENTAL POLICY

Leinster Environmentals regards environmental protection as an integral and essential part of good business practice. We are committed to achieving and maintaining a high standard of environmental quality in all of our operations.

To achieve our goal, Leinster Environmentals will:

- At a minimum, meet, and where appropriate, exceed the requirements of all relevant legislation.
- Reduce waste in all operations and ensure use of the best environmental option for disposal of unrecoverable waste.
- Promote the use of recycled materials and find sustainable markets for recovered materials.
- Promote the concepts of continuous improvement and pollution prevention through the setting and review of environmental objectives and targets.
- Provide the necessary training and support to staff so that they can carry out their environmental responsibilities effectively and professionally.
- Promote the adoption of environmentally sound practices by contractors, suppliers and customers.
- Communicate our Policy to all employees and sub-contractors who work on behalf of Leinster Environmentals.
- Foster openness and dialogue with our neighbours and the general public.
- Make our environmental policy and records available to the public and interested parties.
- Communicate our Policy to all employees and sub-contractors who work on behalf of Leinster Environmentals.

Whilst all employees have a duty to ensure that our operations do not cause environmental pollution, the overall responsibility for environmental protection lies with the Managing Director of Leinster Environmentals.

James Loughran
Director
